Multi-Dimensional Intelligence™

The Polk Co.  
City Directory  
Division

37001 Industrial Road  
Livonia, MI 48150-1146

Dear Valued Customer:

It is with genuine pleasure that I thank you for your purchase of this directory. By choosing Polk as your information source, you demonstrate your faith and trust in us. I would like you to know this is a matter of great importance to me.

Please be assured we are working hard to achieve results that our customers will be proud of. Our mission is to conduct business in a manner that gives full attention to providing you with nothing but the best in products and services. In fact, we are making changes we know you will appreciate; because it was feedback from our customers that inspired many of these changes.

Through refined data-gathering techniques and streamlined information processing, you will receive more *current information with improved accuracy*. We have *updated the format* of the directory, so you can find what you need easily. And to provide you with our valuable data in a format that best meets your needs, we are now offering *new products* in many cities.

We believe the most significant improvement you will recognize is in the area of Customer Service. Our Customer Service Department is now located in our City Directory headquarters, and is staffed with Polk employees. It is a company priority to improve the total quality of service we provide to our customers. With a toll-free number (1-800-ASK-POLK), and a staff of friendly, well-trained representatives, we look forward to meeting that challenge and exceeding your expectations. So as you use this directory, let us know how we're doing. Your feedback will help us respond quicker and better than ever.

Our goal is to be the best at providing you with superior information and outstanding service. I hope it never happens, but should Polk ever fall short of your expectations, I would consider it a personal favor if you would contact me directly by calling (248) 728-7092

Thank you again. We look forward to meeting your information needs well into the future!

Sincerely,

A handwritten signature in cursive script that reads "John R. Sinski".

The determination of the  
need for legal services and the  
choice of a lawyer are  
extremely important decisions  
and should not be based solely  
upon advertisements or  
self-proclaimed expertise. This  
disclosure is required by rule of  
the Supreme Court of Iowa.

A description or indication of  
limitation of practice does not  
mean that any agency or board  
has certified such lawyer as a  
specialist or expert in an  
indicated field of law practice,  
nor does it mean that such  
lawyer is necessarily any more  
expert or competent than any  
other lawyer. All potential  
clients are urged to make their  
own independent investigation  
and evaluation of any lawyer  
being considered. This notice is  
required by rule of the Supreme  
Court of Iowa.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

# Street Guide

---

---

*An alphabetical listing of streets in the community, numerically listing the residents and businesses at each address.*

---

---

## **In this section, you will find:**

- Who lives at a residential address.
- What business occupies a commercial address.

Residents and businesses whose address is not listed in the phone book will not appear in this section. They can be found listed numerically in the telephone key.

# WHY USE THE STREET GUIDE?

*Don't overlook these profitable ways to benefit from your directory!*

- **Find** complete mailing addresses when zip code is unknown.
- **Contact** delivery personnel or contractors on site.
- **Call** neighbors to reach customers without phones, or to find recent movers.
- **Verify** check and credit information by asking for neighbors' names.
- **Identify** correct spellings of customer names.
- **Locate** phone numbers with a known address.
- **Target** neighbors of satisfied customers.

**TO INCREASE THE PROFITABILITY  
OF YOUR BUSINESS!**

## WHY USE THE TELEPHONE KEY

- Identify callers who leave phone number only.
- Identify the company a caller represents.
- Find out names and addresses for "blind" classified ads.
- Audit employee phone bills.
- Verify correct name spelling and street address.

# Look at everything The Polk Company has to offer!

## City Directories

The leader in City Directory publishing for over 125 years,  
nobody does it better than Polk!

### EACH PUBLICATION IS LIKE FOUR DIRECTORIES IN ONE:

# Just the FAQ's

## *Answers to Frequently Asked Questions (FAQ's):*

### *How are streets listed in the directory?*

The Street Guide lists streets in alphanumeric order with numbered streets appearing first.

Identical street names are listed alphabetically by town name. For example, 200 S Main St in Ann Arbor would appear before 200 S Main St in Chelsea.

Within a city, streets appear alphabetically beginning with the primary street name. For instance, Main St will appear before E Main St which is before N Main St and so on.

### *How do you list streets that are referred to in more than one way?*

We adhere to postal service naming standards, so there will be instances where one side of the street has one name and the other side of the street has a different name.

### *What is a Zip+4 and carrier route?*

Zip+4 and Carrier Route are ways the postal service identifies a deliverable mail address. They are shown in the directory, whenever available, for each record in the Street Guide.

### *Are unlisted phone numbers in the directory?*

Unlisted phone numbers will not be provided. We respect the right of individuals to not have their phone number published. Furthermore, residents and businesses whose address information is unavailable *will not appear* in the Street Guide. They will, however, be listed numerically in the Telephone Key.

### *What if someone's mailing address is different than their physical address?*

We compare each address against U.S. Postal Service records in an attempt to verify each listing as deliverable. The deliverable mail address is shown in the directory since it is the address recognized by the post office.

### *Where does the demographic information come from?*

All demographic information is obtained from a variety of public and private data sources, including United States Census figures. The information is adjusted quarterly based on several economic indicators.

## How can I find my best potential customers?

1. Establish the profile of your best potential customers.

*Individuals over 40 years old with a median household income over \$30,000 are most likely to buy my product. (Illustration only. You determine profiles based on your needs.)*

2. Identify neighborhoods in your area by locating nearby streets in the Street Guide and finding the corresponding carrier routes.

*Bluebird Ln, Bobolink Ln and Bobcat St are three nearby neighborhoods that might be beneficial for me to target. Their carrier routes are C004, C005 and C006.*

# Glossary of Demographic Terms

---

Demography is the study of human populations, including size, growth, density, distribution, and vital statistics. This information can be helpful in deciding where to locate a business, determining what content to include in an advertising message, or determining the best neighborhoods for distribution of your print advertising.

---

**Zip Code** -- The five-digit Zip code for which demographic information is provided.

**Carrier Route** -- A group of addresses within a zip code for which demographic information is provided.

**Average Estimated Income** -- Average estimated income (in whole dollars). The average income estimate of adult residents, age 18 and older, in a group.

**Household Age** -- The age category of adults 18 and older, that occurs most frequently for residents in a group. Values are defined as follows:

<u>Value</u>	<u>Description</u>
Young	18 to 34 years
Middle	35 to 54 years
Older	55 to 64 years
Retired	65+ years
Unknown	Unknown

**Median Age Adults 18 and Over** -- Median age of adults 18 years and older. Half of the ages in the group are greater than the median age and half less than it.

**Percent Households with Children** -- Percent of households with children. If there are 1,000 households in a group and 55% have children, then 550 households in the group have children.

**Median Home Value** -- Median home value (in whole dollars). Half of the homes in a group have a value greater than the median home value, and half less than it.

**Median Household Income** -- Half of the households in a group have an income greater than the median household income and half less than it.

**% HH Inc \$25,000 - \$34,999** -- Percentage households with income \$25,000 to \$34,999. If there are 1,000 households in a group and 20% have household incomes between \$25,000 and \$34,999, then 200 households have an income in this range.

**% HH Inc \$35,000 - \$74,999** -- Percent households with income \$35,000 to \$74,999. If there are 1,000 households in a group and 20% have household incomes between \$35,000 and \$74,999, then 200 households have an income in this range.

**% HH Inc \$75,000 - \$99,999** -- Percent households with income \$75,000 to \$99,999. If there are 1,000 households in a group and 5% have household incomes between \$75,000 and \$99,999, then 50 households have an income in this range.

**% HH Inc \$100,000 or more** -- Percent households with income \$100,000 or more. If there are 1,000 households in a group and 5% have household incomes equal to, or greater than \$100,000, then 50 households have an income in this range.
